Covered Services

Preventive Care

Covered at 100% in-network with no deductible. Includes annual physicals, immunizations, and age-appropriate screenings per USPSTF guidelines.

Diagnostic Lab & Pathology

Covered at 100% in-network (CPT 36415 venipuncture, routine panels). No prior authorization required when ordered by treating physician.

Diagnostic Imaging

Covered at 85-90% in-network after deductible. Chest X-ray (CPT 71046) covered at 90%. Advanced imaging (MRI, CT) may require prior authorization. Brain MRI with contrast (CPT 70553) requires prior authorization and clinical justification.

Surgical Services

Covered at 70-80% in-network after deductible. Major procedures such as total knee replacement (CPT 27447) require prior authorization and documentation of conservative treatment failure. Arthroscopic procedures (CPT

29881) require MRI confirmation.

Mental Health & Substance Abuse

Covered under mental health parity. Outpatient psychotherapy (CPT 90837) covered at 75% with \$25 copay. 30 session annual limit for outpatient psychotherapy. Inpatient mental health covered same as medical/surgical inpatient.

Cardiac Diagnostics

ECG/EKG (CPT 93000) covered at 100% as a diagnostic procedure. No prior authorization or referral required. Stress tests and echocardiograms covered at 85% after deductible.

Gastrointestinal Procedures

Upper GI endoscopy with biopsy (CPT 43239) covered at 90% when medically necessary. Covered under preventive benefit at 100% for age-appropriate colorectal cancer screening.

Exclusions and Limitations

This plan does not cover: cosmetic surgery (unless reconstructive after injury), experimental or investigational treatments, services not medically necessary, custodial care, routine dental and vision (available as separate riders), services rendered by non-licensed providers, and charges exceeding the allowed amount for out-of-network services.
